ECOLOGICAL FOOTPRINT BY COMPONENT, 1961–2003

The Challenge

If everyone on earth had European patterns of consumption, we would need 3 planets to support us.

If everyone had American lifestyles we would need 5 planets.

One Planet Principles

Health and happiness

Equity and local economy

Culture and community

Land use and wildlife

Sustainable water

Local and sustainable food

Sustainable materials

Sustainable transport

Zero waste

Zero carbon

Vision for One Planet Living

**To make it is easy, attractive and affordable
for people to lead happy and healthy lives
within a fair share of the Earth's resources.**

Aerial sketch of buildings merging with landform

Coast to Capital LEP & **Greater Brighton City Deal**

Twin track strategy

Systematically improve the strengths & critical functions of our existing local economy
- capture the “*aggregation of marginal gains*”

Drive a step change towards a future economy by means of new & transformational initiatives

New industries...

Capturing
creativity &
innovation:

**Spin outs
from
University
R&D**

Brighton Fusebox – creative tech cluster

Welcome to Brighton for business
